

Installation Instructions

PART NUMBER: HA-1003

This filter fits: HONDA VL1000 VARADERO

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter can be used in a stock machine, with no modifications required. However if any engine modifications have been made tuning/jetting adjustments may be required.

However there are special installation instructions, so please follow the procedure outlined below to ensure that the K&N Filtercharger[®] seals properly.

NOTE: For detailed instructions regarding the removal of your OE air filter, please refer to your motorcycles owners manual.

- 1) Remove air box lid from the air box.
- 2) Locate and remove the four screws that hold the element onto the air filter base plate. Fig. 1 & 2
- 3) Remove element from air filter base plate.
- 4) Clean sealing surface of the air filter base plate.
- 5) Place the supplied gasket onto the top of the air filter base plate. Fig. 3
- 6) Install K&N air filter onto the OE air filter base plate. Fig. 4
- 7) Reinstall and tighten the four OE screws.
- 8) Reinstall air box lid and tighten per owners manual specifications.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
