

INSTALLATION INSTRUCTIONS

Part Number HA-2586

This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter can last many seasons. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

INSTALLATION

1. Remove the stock air filter.
2. Carefully clean the air filter sealing surface.
3. Install the K&N Filtercharger® with the welded end of the bracket facing down. (Fig. 1)
Note: Push the K&N Filtercharger® against the sealing surface of the air box to ensure a correct fit.
4. Reinstall the stock air filter screw into the end of the bracket and tighten. (Fig. 2)
5. Reinstall the air box cover.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
